These are the same camps listed in the Parkway Summer School bulletin. The co-ed camps for grades 2-5 and for grades 6-8 are open to Parkway students from ALL four Parkway attendance areas as well as students from other local schools. The high school camp is a team camp specifically for girls who will be attending Parkway Central High School in the fall.

Athletes will be given a preliminary skills test, and broken up into groups based on ability and experience so that each player can learn and improve as much as possible. There is approximately an 8:1 camper to adult coach ratio and high school varsity girls and boys players helping at the younger camps, so participants will get a lot of individual attention and instruction. All levels of players, from beginners to advanced, are welcome. Both individual and team skills will be covered during the camp, and will be appropriate to challenge the level of each group.

Please complete the registration form online. Feel free to make copies of this and distribute the registration link to other Parkway students, or download the form from the website www.coltsvb.org under summer camp.
